

ACCA CERTIFICATE IN IFRS

INTERNATIONAL FINANCIAL REPORTING STANDARDS

CERTIFICATION AND EXAM PREPARATION

2 - 12 December 2018 (4 days)

PROGRAM OVERVIEW

This certified financial reporting program offers a broad introduction to the field of International Financial Reporting and International Financial Reporting Standards (IFRS).

It traces the history of the International Accounting Standards Board (IASB) from its early roots through to recent changes and updates and future developments.

The qualification is structured in an accessible and user-friendly way that underlines key information and provides useful summaries.

The program examines and breaks down specific standards topic-by-topic. There are case studies, which are based on real-life examples, and many exercises, multiple-choice questions and sample answers for you to test your knowledge as you progress through the training program.

PROGRAM OBJECTIVES

- Helps you understand how International Financial Reporting Standards (IFRS) are used around the world
- Explains how the International Financial Reporting Standards Foundation (IFRSF) / International Accounting Standards Board (IASB) work and how these are being changed
- Examines the fundamental requirements of IFRS on a standard-by-standard basis
- Provides guidance on how to use IFRS in practice

PARTICIPANTS

- Accountants
- Financial Reporters
- Auditors
- Budget analysts
- Financial advisors
- Students specializing in finance, accounting, and auditing
- ACCA members who gained their qualification prior to the introduction of IFRS

EXAM TOPICS

- The nature and operations of the IASB
- The status and use of IFRSs around the world
- Presentation and profit
- Accounting for assets and liabilities - part 1
- Accounting for assets and liabilities - part 2
- Group accounting
- Disclosure standards
- Principal differences between UK/US GAAP and IFRS
- Proposals for change
